Hi Phil - do you know who you spoke with at the help desk? I don't know how to increase someone's email quota, and if I did, I'd probably get in deep kimchee!

Haven't spoke with you since you got back -- how are you doing and did everything go okay? I've had ya in my thoughts.

Hi Peg,  
The helpdesk told me to call you for the email quota increase. I am at 93% now and I still am not allowed to delete 90% of my email because of FOIA. I am going to run out of room soon.

Hi Phil - My guess is (and I'll check with PC Hotline), you'll need your supervisor's approval. There are some very stringent guidelines on increasing email quota. I'm cc-ing PCH on this email.

Hotline Folks: Can you provide Phil North with some guidance on this topic? Apparently, there are some large email files that need to be preserved in order to respond to a FOIA request.

Hi Peg,  
Did you get my previous request for an increase in email space to accommodate the PLP FOIA? Heather and Tami might also need more space.
